## DHT FORM 9937 – 2017 DISTRIBUTIONS

**LINE 14.** Describe the organization action and, if applicable, the date of the action or the date against which stockholders' ownership is measured for the action.

In 2017, DHT Holdings, Inc. ('DHT') paid out pro-rata cash distributions to its shareholders. DHT did not have current or accumulated earnings and profits ('E&P') for U.S. tax purposes in 2017 and, as a result, the full amount of the distributions are nontaxable returns of capital, reducing shareholders' adjusted bases in their DHT common stock, as applicable.

The distributions made in 2017 are as follows:

Payment Date	Record Date	Common Stock Distribution
2/22/17	2/14/17	\$0.08
5/31/17	5/22/17	\$0.08
8/31/17	8/24/17	\$0.02
12/6/17	11/28/17	\$0.02

**Line 15.** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis.

Each holder of common stock will reduce his or her adjusted basis in his or her common stock by the full amount of the distributions on his or her common stock. See line 14 for the amount of the distributions per share.

**Line 16.** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates.

Since DHT does not have current or accumulated E&P, the full amount of each distribution is a return of capital, reducing each shareholder's adjusted basis by a corresponding amount.

**Line 17.** List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based.

Section 301(c)(2).

**Line 18.** Can any resulting loss be recognized?

No.

**Line 19.** Provide any other information necessary to implement the adjustment, such as the reportable tax year.

The reportable tax year for the cash distributions is 2017.
